Medical.

DR. J. C. YOUNG,

dical and Surgical INSTITUTE.

CONSULTATION, IN ALL CASES, FREE

CURES GUARANTEED, OR NO PAY REQUIRED

IN ALL CASES WHERE CONFIDENCE IS REQUIRED THE UTMOST SECRECY MAINTAINED.

The above rules, established Dr. J. C. Young in 1850, d which have done so much ..ure the reputation of this stitute, are still adhered to, ording those in need of dical aid, the certainty of re and the utmost confidence. There is nothing of so great portance to the sick as to ow where to find a physi- n whose skill and humanity e assurance of proper and licate treatment. The Doc- would respectfully call the tention of those of both sexes o are suffering or in trouble the invariable success that s marked the career of the stitute in the seventeen years its existence.

It is unnecessary in this con- ..tion to enumerate all the mplaints treated at the In- tute, but the Doctor feels it duty to call especial atten- n to that terrible scourge, SEMINAL WEAKNESS, That is sapping with its in- ..ness the very life of its ctims; in the treatment and re of which the Institute has had so enviable a reputa- n.

WASHINGTON, Sept. 28.—The opinion of Judge Boynton of Florida, refusing against the writ of *habeas corpus* for the release of Dr. Mudd and other conspirators has been received. The grounds on which the application rested were that the Court which tried them had no jurisdiction, and that the proclamation of last July included them for pardon. The Judge found that the offense was a military one and was properly tried by a military tribunal, and the proclamation was for pardon for treason, but not for assassination nor those guilty of barbarous treatment of prisoners.

The New York *Tribune's* Atlanta special says: A call having been published last week for a Republican convention at Warrenton, the Republicans assembled yesterday there with the view of holding a peaceable political meeting. A number of loyal men from the neighboring towns arrived by the trains to attend the meeting. They were met by the Sheriff and a Committee of citizens who advised them not to enter the town. PUGET SOUND

Wheat is worth $1 12 at Olympia.

The Bellingham Bay coal mines are turning out 115 tons per day.

Down the Sound they have had cold weather, ice and frozen potatoes.

Navigation on the Sound is almost entirely interrupted by the dense smoke that fills the atmosphere.

A man named Hill, living on Whidby's Island, was kicked by a horse and his jaw terribly fractured.

Still another paper is to be started at Olympia. They have *five* there now. L. P. Beach will start the sixth one.

The fire, which is overrunning the whole country, destroyed upwards of $1,500 worth of roadway for Mr. J. F. Burns, at the head of Port Discovery bay. It also completely demolished a herd of fine cedar—over a million feet.

The Olympia *Transcript* says: The Rev. Mr. Foster, the lecherous old scamp who has been confined in the block house for several weeks past, awaiting his trial for the basest of crimes, the prostitution of his own daughters, made his escape on the night of Wednesday last.

The *Transcript* says of the Skookum Chuck coal: Mr. T. F. McElroy has brought into our office several specimens of coal, from the veins recently opened some fourteen miles east of this place. The coal has the appearance of being a very superior article. Governor Moore took about 100 pounds of it to Portland, to the gas-works to get it tested.

A new steamer is building at Port Discovery. Her dimensions are: Length of keel, 95 feet; length over all, 107 feet, breadth of beam, 24 feet 8 inches; depth of hold, 10 feet 6 inches. She is to be a propeller, and is designed for a tug boat to serve on the Straits; she is being built for S. L. Mastick & Co., and will go off the stocks by the first of March next.

There have been very heavy fires at Bellingham Bay. Messrs. Eldridge and Adams' barns are destroyed. The saw mill took fire and was only saved by the great exertions of the coal miners. Unionville is destroyed, involving Jas. Morrison in a loss of $7,000. The entire country from Fraser river to Chagamatch mountains has been a living mass of flame.

The Port Townsend paper says: Friday last, Mr. Joseph Merrill, well known in Clalam county, started alone from Dungeness spit in a canoe for Orcas Island, where he proposed hunting for deer. About three hours after he left it set in very thick, and commenced blowing quite fresh, and a day or two afterwards the Indians reported having found his canoe on the opposite side of the Strait, bottom up, and his hat. It is generally supposed at Dungeness that he is lost.

The Port Townsend paper of the 24th ult., says that on the Sunday previous a Chimsean canoe with nineteen Indians landed on Dungeness Spit. They were from the Sound, going home. Most of them were women and children, some of the former had been living with white men on the Sound, and among the latter were one or two half-breeds. The men had been employed about the mills. It is supposed that, besides the canoe and other fixtures, the parties had some $500 or $600 in gold. In the night the Port Discovery and Dungeness Indians, who had combined for the purpose, attacked the little encampment, first cutting the tent ropes and letting it fall upon them, with clubs and salmon spears, and killed them all, save one woman, who, though wounded, escaped by [illegible] herself [illegible] and afterwards went to the Light House for refuge. The sequel to this outrage has not yet transpired, and may not for some time to come; but the Chimseans will surely retaliate—a head for a head, is their motto—and some fine morning we shall chronicle the hasty departure of a like number of Clallams to the happy hunting grounds of [illegible] fathers.

The New York *Sun* has the following word of advice for the Democracy: "Gen. Blair's revolutionary letter killed the Democratic ticket as soon as his name was put on it. The D—cratic rebel orators at the South, older in their business than Blair, and just as violent and revolutionary, are hard at it completing the work. *If they are allowed to keep on this way much longer, it is doubtful whether the Democracy will ever be able to carry Kentucky, Maryland or Delaware.* Gov. Seymour ought to hurry and call off his dogs. They are hurting nobody but their own party and its principal candidate."

Democratic Wisdom

The lawgivers of Salem who are presuming to decide that certain States in the Union have not legitimate governments, are taking upon themselves a somewhat heavy responsibility. Their language is that the "newly constituted and newly established bodies avowing themselves to be and acting as the Legislatures of Arkansas, North Carolina, etc., cannot legally ratify Constitutional amendments" because the reconstruction acts under which they were created are "unconstitutional, revolutionary and void." It appears from this action that the Oregon Legislature deems itself the highest political authority in the United States. It undertakes to review and reverse the decisions of Congress, which body has declared that the government of the States mentioned are republican in form, lawfully established and every way legitimate. More than that it is wiser and possesses greater authority than the Supreme Court of the United States, which tribunal has declared that the decision of all questions of this kind rests with Congress exclusively. As to the powers of Congress in relation to State governments, we quote from a judicial decision rendered by that most excellent Democrat, Roger B. Taney, late Chief Justice of the Supreme Court of the United States. Said he: "The fourth section of the fourth article of the Constitution of the United States provides that the United States shall guarantee to every State in the Union a republican form of government. Under this article of the Constitution it rests with Congress to decide what government is the established one in a State. For, as the United States guarantees to each State a Republican government, Congress must necessarily decide what government is established in the State, before it can determine whether it is Republican or not. * * * * And its decision is binding on every other department of the government, and could not be questioned in a judicial tribunal." All this, the most potent, grave and reverend lawgivers at Salem propose to reverse. Chief Justice Taney was a good enough Democrat when he was deciding the Dred Scott case, but he is scouted as an authority here. Is it possible to conceive of anything more ridiculous, more utterly farcical, more completely calculated to bring contempt upon Oregon, than the course the Legislature is pursuing? This State, at a most critical period in its history, at a time when it ought to pursue a course which would attract her favorable notice and win the respect of the powerful States in the East, is acting a part which would shame rebel Kentucky, and exhibiting a factious, reactionary spirit fully in keeping with the declarations of Pirate Semmes and "General" Hampton.

Mr. Garfield's Speech

There was a splendid meeting last night at Oro Fino Hall. The audience was large and attentive; the people had come in expectation of hearing an able and interesting discourse, and they were not disappointed. Mr. Garfield's effort was practical, convincing and eloquent, and was received by the audience with every manifestation of approbation. His exposition of the fourteenth [illegible] was never surpassed for clearness and [illegible], and his vindication of that measure in every [illegible] most successful and triumphant. If such [illegible] as this could be generally heard they would produce a powerful effect and greatly aid the Republican cause. Mr. Garfield is certainly a very pleasing as well as a very able orator, and his services will be of great value to the party in California, whither he is going. He will [illegible] at two other points in Oregon—Roseburg and Jacksonville.

The House resolution demanding the resignation of Senators Williams and Corbett is a very singular piece of work for this Legislature. Why didn't the Democratic majority go at the business in a more direct manner? Why didn't they pass an act to remove the Senators at once? It would have been of a piece with their act to repeal the Constitution of the United States. They assert that our Senators do not represent the political views of a majority of the people of Oregon. They [illegible] the views of a majority of those who were here at the time they were elected, and the coming here of several thousand surrendered rebels who have voted with the Democratic party and give it its majority, furnishes no reason why the Senators should resign. We rather think it is of little consequence what the opinions and wishes of these carpet-bagging rebels are in regard to this or any other political matter.

[SPECIAL DISPATCH TO THE OREGONIAN.]

Oregon Legislature

SALEM, Sept. 30.—In the Senate the bill to appropriate money to pay the expenses of the Legislature was passed.

A discussion of some length arose upon Adams' bill to regulate licenses to sell liquor by submitting the question of license or no license, to the people at each general election. The bill was lost.

The House joint resolution instructing Senators Williams and Corbett to resign, came in. On motion of Miller (Dem.) it was laid upon the table, 12 to 10.

In the House the Senate memorial to Congress for a commission to audit Indian spoliation claims was adopted.

Cox introduced a resolution instructing the Committee on Railroads to inquire what action, if any, is necessary to secure the lands granted by Congress to the State for a railroad through the Wallamet, Umpqua and Rogue river Valleys. Chapman moved to amend so as to restrict the inquiry to whether any law is required for that purpose, but his amendment failed. He opposed the resolution because it would open up the whole question of the rights of the rival companies. The resolution was amended so as to instruct the Committee to also inquire whether any company had complied with the requirements of the law by accepting the terms within the time specified, and was then adopted.

Fleck, Neal and Bryant were appointed a Special Committee to inquire whether the law donating lands for an Agricultural College had been complied with. Both Houses at noon adjourned till to-morrow.

The State Fair.

STATE FAIR GROUNDS, Wednesday 30.—Everything to-day is vastly improved as compared with previous days. The Pavilion is quite well filled with fruits, vegetables and needlework paintings, ornamental specimens, domestic manufactures, grains, seeds, ores, inventions, machines of various sorts, specimen flowers and the usual variety.

The mechanical department has more than the number of exhibitors ever before brought here. Everybody is delighted with the improvements in this department and encouraged in the belief that the State Fairs are hereafter to be of greater practical benefit to the material interests of the State.

Only two races to-day. First—running single dash of one mile, won by Wash's [illegible] Portland in 1 55½, against Hill's "Harry Bluff." Second—trotting—for three year olds mile heats, two in three, won by Wallace's "Comet" in 3 21½ and 3 25—two straight heats, against two competitors. Walking trial, won by F. W. Nixon, in 11 50 against five competitors.

The attendance is large to-day. The receipts will amount to a total of over six thousand dollars.

LETTERS FROM THE CAPITAL

SALEM, Tuesday, Sept. 29, 1868.

THE STATE FAIR—SECOND DAY.

Notwithstanding the general elation of yesterday at the flattering indications of a greater than usual success, there are, to-day, a good many expressions of disappointment that the increase in numbers of visitors and articles entered for exhibition do not come up to the expectations raised by the opening day. I have often heard the remark, "Well, this is rather a dull fair, thus far," and so it is, so far as sight seeing is concerned. The dullness, however, is more apparent than real, for while mere visitors do not as yet see much, the managers, clerks and exhibitors have had a very busy day. Entrances for exhibition and competition were almost as frequent at the close of the day as at any previous time, and it seems that a very considerable proportion of the articles to be exhibited, are not yet in place. The close of to-morrow will doubtless show a vast improvement in the general appearance of things. The pavilion will then have nearly or quite all its room occupied and the cattle stalls will have something more than a beggarly account of animals. This evening there are more than three times as many articles as were in place the evening before, and the indications point to a corresponding increase for to-morrow.

I will not of course have room in these letters to mention each and every article which may be deserving of notice nor would such mention be of particular interest to the general reader. I prefer to treat of the exhibition in groups in a general way, coming down to individual particulars only when I find some distinguishing excellence. I have a sort of weakness in favor of the agricultural mechanical department and I find so much improvement in it that I shall take the state to speak in free terms of commendation. The chief attraction to-day was the group of gang plows of which there are half a dozen different patterns, three of them of Oregon invention. The first I examined was the "Webfoot," invented by J. W. Lewis of Oregon City. It seems to have been constructed with a view to answer every condition required in a gang plow, but to accomplish this the inventor has undoubtedly introduced too much gearing to make his plow take well with the farmers. It has the appearance of being complicated and too liable to get out of repair. This was the first thing remarked by every farmer who examined it. What the farmer wants is a light yet strong plow with just the simplest possible arrangements. A Mr. Wm. Mason of Polk county has a gang plow which is rather heavy but is extremely simple construction and of unquestionable strength. It seems to have every desirable quality so far as can be judged without an actual trial in the field, and those who have tried it say that it lacks nothing. Farmers generally approve it the moment its manner of performing is explained to them. A Mr. Ezra Sweet of Eugene City has another plow but little less simple in construction, and equally as strong. It can be worked easily and will undoubtedly be a valuable addition to the gang plow family. Mr. Sweet challenges the world for a competition in all soils and under all circumstances. These are the only gang plows of Oregon invention, on exhibition, though they do not comprise the whole list in successful use in the State. Messrs. Lewis & Wolgamot of Oregon City have on exhibition an Illinois patent called Pfeil's Patent, which is claimed to superior in many respects to the others but until they all have a comparative test, I can not say. It is not so simple as either Mason's or Sweet's, yet it may be in practical use no more liable than either to get out of repair. There will be a plowing match on Friday for which all the foregoing and one or two others of Eastern make are entered. Lewis & Wolgamot are makers of the Pfeil Patent gang as well a single sulky plow. This trial on Friday will be an interesting one, and I will be careful to give you the practical results.

Another Oregon invention which attracts much attention is Vanderpool's header and thresher. It is but little larger than an ordinary reaper and yet it performs the office of both reaper and thresher. It ought not to be called a Header, for, in reality it is nothing but a thresher. As it is driven into the grain, the heads are caught by a reel and carried by guides directly into sectional threshers which shell out the kernels, leaving the straw and grain stem just where they grow. It gathers nothing but the grain and chaff, with an occasional stem which may be broken between the cylinders and convex. It has been in successful operation during the late harvest and experience proves that it has but one material fault, which may be easily remedied, as any machinist will see at a glance. I will not have space or time to-day to notice any other exhibition, but will do some responsible correspondence in that behalf before the fair shall close.

AGRICULTURAL HORSE TROTS.

The first race of the fair was a running race at 2 o'clock, for Oregon bred three year olds, single dash of one mile for premium of $50. There were six colts entered, and six colts started and six colts ran, and were severally judged according to the merits of their several performances. A Timoleon and Copperbottom colt, entered by Mr. Morgan of Albany, was adjudged the winner. He came out easily a considerable way ahead of all competitors, whereupon a clamor rose among the losers of the premium and outside losers of "stamps," that the colt was a five year old and therefore not entitled to run. The Superintendent agreed to look into the animal's mouth for his age and report what he should find. The time made by the winner was 1 56½.

The next race was a trot for four year olds to sulkey, mile heats, best two in three, to rule, for a premium of $50. Southworth entered "Hickory," Jim Gird entered a clay bank colt and M. H. Wallace entered a brown mare colt, both latter, nameless, so far as I could learn. The colts got a good start, Wallace's took the lead and kept it all the way 'round, Gird's came next, losing all the way to the half mile stake and then fetching up steadily; Southworth's colt the largest of the three, lost ground from the first, as much by breaking up as by want of speed, and was distanced the first heat. Wallace's mare took the first heat in 3 2½. Gird's horse took the second heat in 3 26, and Wallace's the third in 3 31. The race was almost undoubtedly jockied by the drivers, for the benefit of outside operators in funds. It was remarkable that notwithstanding Gird's horse barely saved himself from being distanced on the first heat, all the horse men bet heavily (or lightly as they could find takers) that he would win the second heat. Greenies bet and were nipped. The jockeying, if there was any, was an affair altogether between the drivers and their mutual friends, the officers of the fair having no prior knowledge of it. It was distinctly stated from the stand that no jockeying or foul practices would be permitted. But little could be seen of the races beyond the start and the outcome, in consequence of the clouds of dust and the smoke.

POLITICAL.

Mr. S. Garfield of Washington Territory, en route to California, spoke to a large assemblage at the Wigwam, this evening, for Grant and Colfax. He delivered an eloquent and effective appeal in behalf of the first leaders of the Union people of the United States and the audience cheered him and them enthusiastically. The meeting was a flattering success considering the many excitements to attract people elsewhere.

LEGISLATIVE PROCEEDINGS.

In the Senate to-day after the opening exercises, H. B. No. 17 came upon its second reading. This bill appropriates $12 000 to pay the expenses of this session of the Legislature. It comes up for its third reading to-morrow.

Minto's bill to protect fair ground was put on its final passage. Trevitt moved to indefinitely postpone the consideration of the bill but the Senate refused to postpone. The final vote stood yeas, 11, nays, 7, absent, 4, so the bill did not pass. It requires a majority of all the votes to pass a bill.

The Senate bill protecting the owners of firearms was passed. Ayes 13; nays, 5. The bill exempts one gun and one revolving pistol from execution.

Adams' bill amending the law relating to peddlar's and grocerymens' license was read the third time and allowed to lay over until Adams was present.

The bill repealing the law requiring attorneys to take and subscribe to an oath of allegiance before they are allowed to practice in the State Courts, was read the third time and unanimously passed.

Holtzclaw, from the committee on public lands, reported back the Joint Resolution for the Relief of Royal Pierce, and recommended its passage.

Miller of Jackson did not want to take immediate action in the matter. He said it was disposing of too much valuable land without knowing the facts in the case. He said that there might be counter claims and he wanted time for counter claims to be presented if there were any. Thompson was of the same mind and moved to postpone the Resolution until to-morrow morning at 10 o'clock, which was agreed to.

[illegible] moved that when the Senate adjourned it adjourn to meet at 4 o'clock. He said that by coming together at that hour business could be dispatched by noon, so as to allow members to attend the fair if they so desired. The motion was adopted.

Thompson introduced a bill amending the law relating to private incorporations, also a bill granting State aid in the construction of a canal and locks around the Willamette falls at Oregon City. The bill provides that the State shall pay the Company $200,000 from moneys realized from the sales of lands granted to the State by Congress for internal improvements. Two hundred copies of the bill were ordered printed.

Huston introduced Senate bills Nos. 22 and 23, both of the same import, one relating to Soldiers Bounty Bonds and the other to Soldiers Relief Bonds. The main features of the bills are making these obligations, which by the present law are payable in coin, payable in *lawful* money of the United States. This will at once be seen to be one of the many Democratic modes of repudiation.

Trevitt introduced Senate bill No. 24, to amend the law taxing foreign corporations. The bill requires all foreign banks, express companies, fire and life insurance companies doing business in this State to deposit within its limits the sum of $50 000. He also introduced a bill entirely remodeling the salaries of County Judges. The salary which each Judge is to receive was not named in the bill, but is to be filled in by the committee.

Trevitt introduced Senate bill No. 26 to amend the law relating to the fees of county ministerial officers. The bill forbids taking fees for constructive mileage by officers serving processes. The fees of all officers east of the mountains are increased 50 per cent.

In the House Chapman offered a resolution providing for a joint committee of four, two from each house, to take into consideration the subject of [illegible] during the fair. The resolution was adopted, and Chapman and Wagnitre appointed on the committee from the House.

[illegible] presented a memorial from Justice J. G. Wilson, stating that the Supreme Court had made him reporter and that enough materials were now on hand to complete vol. 2 of the Oregon Reports. Judge Wilson proposed to get out the volume and furnish the State with 100 copies for $600, or he would furnish the whole edition of 300 copies to the State for $1 300. The memorial was referred to the Judiciary Committee.

Smith presented a petition from citizens in Jackson county praying that the time of assessing taxes be changed from the fall to early spring. On motion of Smith the petition was referred to a special committee consisting of Smith, Lichtenthaler and Kirk.

Bellinger presented a petition from citizens of Benton county praying that an additional State tax of three mills on the dollar, or as much as may be necessary, be levied to support free schools. The petition was referred to the Committee on Education.

Gilfrey, of Lane, introduced H. J. R. No. 13, as follows:

WHEREAS, Geo. H. Williams and Henry W. Corbett, now holding seats in the Senate of the United States from the State of Oregon, have misrepresented the people thereof in this: that amongst many other grievous wrongs, they have supported and voted for measures in the Senate which were in plain and palpable violation of the Constitution of the United States, among which measures are those known as the Reconstruction acts of Congress, which acts in their enforcement have overthrown and subdivided civil liberty and free government within eleven States of this Union and consigned the citizens thereof to odious and despotic military dictatorship unknown to our Constitution, and in derogation of its most sacred guarantees—depriving those citizens, without trial or conviction, of the sacred rights of trial by jury and the elective franchise; consigning their lives, their liberty, and their property to the mercies of those who are without responsibility to the people over whom they exercise their authority and obedient only to those who hold the power to command them for their oppressive acts, said pretended reconstruction acts give the people of those States the alternative of a perpetual wearing of the galling yoke of military power and oppression, or submission to the more dreaded fate of being governed by hordes of ignorant and deluded negroes.

The said Williams and Corbett have betrayed and misrepresented the people of this State in their support of measures calculated to destroy the constitutional powers and prerogatives of the Supreme Court of the United States and to usurp the constitutional functions of the Executive. They have been actuated by unworthy partisan motives in their efforts to impeach the President of the United States for pretended high crimes and misdemeanors.

In the case of Senator Williams, comparing his speeches in the Senate upon the Tenure of Office bill with his subsequent votes for the impeachment of the President for a perpetual violation of that act, we are constrained to believe that he acted from improper and unworthy motives, therefore,

Be it Resolved by the Legislative Assembly of the State of Oregon—

1st. That George H. Williams and Henry W. Corbett, now holding the offices of United States Senators from the State of Oregon, be, and hereby are, instructed to resign the same to the end that persons may be selected as their successors who will fairly and honestly represent the State of Oregon in the United States Senate.

Res 2. That copies of the foregoing preamble and resolutions, signed by the President of the Senate and Speaker of the House of Representatives, be forwarded by the President of the Senate to said George H. Williams and Henry W. Corbett, to the President of the Senate and to the Speaker of the House of Representatives of the Congress of the United States of America at as early a day as practicable.

Cox moved that the resolution be adopted.

Minto moved to amend by referring the resolution to a committee of the whole and making it the special order of the day for the 3d Monday in October.

Minto said he did not wish to consume the time of the House in the consideration of this matter, that it would lead to a long and angry debate thereby hindering more important legislation, and he wished the discussion put off until the close of the session, when, if members wished to get warmed up just before the rainy season sets in, he had no objection.

Stiles thought it was of more importance to have the Senators resign, than any other legislation that could engage the time of the House. Hence, he would go against the amendment.

Lichtenthaler thought no good would come of debate. That it would raise political rancor to such a pitch that no business could be done.

Gazley had no objection, if the majority desired to censure our Senators for political acts, but he did object to the Senators being accused of corruption. He said this subject had been sprung upon the Republican members and he desired time to consider the subject.

Gilfry hoped that the amendment would not pass. He cited how the Republican party rushed business through two years since. He said that when Senator Williams was elected, every one supposed he was a conservative, but that now he had become the leader of the most ultra radicals.

The amendment was lost. Ayes 16, nays 28. Winston voting nay.

Jackson moved to amend by referring to a special committee of five. The motion to amend was lost. Ayes 16, noes 28.

Davenport moved to amend by striking out the "people of Oregon" where it occurred in the resolution and inserting the "Democratic party."

The amendment was lost. Ayes 17, nays 27. Winston voting aye. The question then occurred on the original motion and the resolution passed without debate. Ayes 27, nays 17—a strict party vote. Grant and Hunter absent.

Barrett and Ryan were appointed as additional members of the Committee on Commerce.

Davenport gave notice that he would introduce a bill to [illegible] the law regarding the keeping of the insane and idiots of the State.

Bellinger gave notice that he would introduce a bill to tax the National bank stock of the State.

Taylor gave notice that he would introduce a bill allowing the owner of land to cut ditches through that of his neighbor for the purpose of draining.

The House adjourned until to-morrow.

The Southern Democrats are conducting the campaign in a style which must cause great exultation in the bosoms of Seymour and his "friends" in New York. The Camilla (Ga.) riot, reported a week ago, was a repetition of the atrocious massacre which took place in New Orleans in 1866. The rebel Democrats determined to suppress free speech in Georgia, and the bloody work at Camilla is the first considerable effort. J. P. Newsham, a Republican member of Congress from Louisiana, telegraphs to Washington (Sept. 19) that his house in St. Francisville was mobbed and burned by armed Democrats a few days before. Newsham happened to be away from home, but the chivalrous *Democrats* leveled their guns at his wife, told her that they had come to kill her husband and that they would wash their hands in his blood. Surely Seymour must be greatly pleased with the manner in which his Southern friends are conducting the campaign.

A member of the Legislature gives notice that he will introduce a bill to tax national bank notes. Now that's coming to business. There will be a case for the Courts, and legislative wisdom will be duly snubbed. Go it, Bourbons! Just try how much legislation you can give us "outside of the Constitution."

The editor of the *Herald* gave notice the other day that he was going to Salem, and that he would leave a little thing named Semple behind to act as "dummy" during his absence. But little *ad interim* starts out with a great noise and tries to attract the attention of the OREGONIAN. Be quiet, can't you? People will think we are acquainted with you. We have often heard that Mr. Brown keeps a monkey, but didn't know before that he was accustomed to leave it in his editorial chair to chatter when he should be absent.

IT IS AN INVARIABLE LAW OF NAture that every human being shall do those acts which he thinks will secure good to him, and that he shall avoid those acts which may occasion a loss to him or the family he is a member of. In conformity with that law it is the duty of every person to purchase of Kohn & Fishel all the goods they may be in need of. The fair sex who certainly are always most happy to comply with all things beneficial to themselves and families should not fail to examine the fine and extensive stock of Kohn & Fishel and they will confess their stock of Dry Goods to be of superior quality and at figures below other houses. Men more cold and less calculating than our fair ladies should be reminded that Kohn & Fishel indeed are the leaders of fashion, the lowest in price, and no man should wear clothes unless they are purchased at Kohn & Fishel's, No. 91 Front street.

Come in the Forenoon to BUCHTEL'S GALLERY for the finest work in the art of Photography. Sun Pearls, Imperial Cards, Ambrotypes, Plate Photographs, Old Pictures Enlarged, Re-touched, Painted in Oil or Water Colors. Come in the morning.

The *Commercial and Financial Chronicle* a bankers journal published in New York speaks of the relief given the country by removing some of the burdens of taxation It says in the number for August [illegible] by the Act of the 13th July, 1866, a total of $600 000 000 was taken off A further lightening of the burden by the law of the 2d of March 1867 took off $40 000 000 more The cotton tax repeal bill made a further diminution of $23 769 000 and to complete the Relief Act of March last, repealed taxes amounting to $14 500 000 The same authority states, that besides relieving the people of these burdens, which, in the aggregate, amounted to near one hundred and seventy millions the Government has saved the people an annual interest of $15 000 000 by extinguishing $250 000 000 of debt that would bear that amount of interest annually These facts are taken from a publication which is not political and is authority in financial circles

Election Returns—After a thorough canvass of the vote of public opinion it must be gratifying to all those laboring under PULMONARY AFFECTIONS, of whatever character, to know that a unanimous verdict has been given in favor of the unequalled efficacy of NEWELL'S PULMONARY SYRUP, over all other remedies for coughs colds consumption bronchitis asthma croup, whooping cough etc, etc

Incredible as it may appear, that one compound should be adapted to the treatment of such a variety of diseases it is never the less true that DR E COOPER'S UNIVERSAL MAGNETIC BALM, will do all that is claimed for it. Its *grand* mission is to subdue pain and bring glad tidings of great joy to the suffering

SOOTHING AND BRACING.—There is no preparation in existence which has such a soothing effect in cases of nervous excitement as

DR. HOSTETTER'S STOMACH BITTERS

Although the fame of this renowned invigorant rests mainly on its astonishing cures of Dyspepsia, Liver Complaint and intestinal disorders, it is equally efficacious in nervous complaints. Thousands of ladies resort to it as a remedy for hysteria, fluttering of the heart, nervous headache, vertigo, general debility and all peculiar disturbances and derangements to which as a sex they are subject. It cheers and brightens the depressed mental powers as well as strengthens the body, and its use is never followed by any unpleasant reaction. Sold by all Druggists and dealers everywhere.

EXTINGUISHER

PORTABLE

SELF-ACTING FIRE ENGINE!

THIS INVENTION HAS FOR ITS OBJECT THE extinguishing of Fires in a more instantaneous manner than has hitherto been discovered.

The advantages to be derived from the use of the EXTINGUISHER are as follows:

Every fire begins on a small scale, and its rapid and uncontrollable increase is owing to the fact that at the time of its commencement (when every moment's delay is of the utmost importance) no means are ready at hand.

The EXTINGUISHER is the only Engine that fills this requirement.

It is always ready for use, though standing unused for years.

It puts out Fire instantly.

It saves the great deluge of water now used for this purpose.

It is as efficient in the hands of a Boy as the most experienced Fireman.

It is portable and as easily handled as a bucket of water.

It possesses within itself the power of a force pump and as effective as a Steam Engine.

It is the only known invention that will put out Fires from Kerosene, Tar, Naphtha and all combustible materials now in common use.

TO ALL WHO ARE INTERESTED

IN THE TRIUMPH OF

REPUBLICAN PRINCIPLES

THE IRISH REPUBLIC NEWSPAPER PUBlished in New York City is devoted to the promulgation of the principles of the Republican party. It is now engaged in a bitter and most arduous struggle with all the reactionary elements which have so long controlled the votes of a great part of Irish birth. Its circulation and influence are being widely extended, but as in all such enterprises the results are all consumed in the efficient maintaining and extending that influence. The paper is a large and handsome Weekly, published at a subscription price of five dollars per annum. We propose to devote our columns to the great work of the pending campaign. We will send the Irish Republic for four months for one dollar, in packages of ten and upwards.

Members of Congress and all who are concerned in the triumph of Republican principles will find the Republic an efficient campaign document.

Horrible Diseases.

Seminal Weakness.

Seminal Emissions [illegible] consequence of abuse. This solitary vice or depravity [illegible] is practised by the youth of both sexes to an almost unlimited extent, producing with unerring certainty the following train of morbid symptoms, unless combated by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves, [illegible] uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats, monomania, and frequently insanity. If relief be not obtained should apply immediately in person or by letter, and have a cure effected by his new and scientific mode of treating the disease, which never fails of effecting a quick and radical cure. Dr G will give One Hundred Dollars to any person who will prove unsatisfactorily to him that he was cured of his complaint by either of the San Francisco quacks.

MARRIED MEN

Or those who contemplate marriage, who are suffering under any of these fearful maladies should not forget the sacred responsibility resting upon them, nor delay to obtain immediate relief.

DOCTOR GIBBON is responsible and will give to each patient a written guarantee binding himself to effect a radical and permanent cure or make no charge.

Caution to the Unfortunate.

Beware of the San Francisco [illegible] pretenders who with bogus [illegible] Some of the self-styled doctors whose names are to be found in the daily and weekly newspapers of San Francisco and other places, are tradesmen, and became too lazy to work at their trades. Some are shoemakers, newspaper carriers, intelligence office keepers etc. Look over the San Francisco Directory and you will not find their Medical Institutes in it, but you will find their former occupations in it. Look at the Directory for 1862 and 1863. The only way to avoid imposition is to make enquiry—it will cost you nothing and may save you many regrets, for as advertising physicians in eight cases out of ten are bogus, there is no safety in trusting any of them until you know who and what they are.
